Paprika Yarrow	<i>Achillea 'Paprika'</i>	PG Sun I	24 in.	perennial	well-drained	full sun	Ruby-red flower cluster has golden center and fades to light pink and creamy yellow
Variegated Sweetflag	<i>Acorus calamus 'Variegatus'</i>	Bog/Rain Marginals	3 ft.	perennial	moist to wet	part to full sun	Tall, strappy leaves colored bright green with a creamy variegation. Will grow in shallow water, non-invasive.
Persian Stonecrop	<i>Aethionema grandiflora</i> Pulchella Group	Living Wall flowers	6-8 in.	perennial	average, well-drained	full sun	Blooms from May-Aug. with light pink flowers over powder blue foliage. RHS Award of Garden Merit.
Anise Hyssop	<i>Agastache foeniculum</i>	Insectaries	30-36 in.	perennial	average, well-drained	full sun	Outstanding ornamental! Leaves are used for seasoning and tea. Lavender flower spikes cover plant late-summer
Forecaste Chives	<i>Allium schoenoprasum</i> 'Forecaste'	Bfly Nectar P	12-18 in.	perennial	average, well-drained	part to full sun	this plant shows off with round, rosy-pink flowerheads.
Garlic Chives	<i>Allium tuberosum</i>	Insectaries	12 in.	perennial	average, well-drained	full sun	Use chopped leaves for distinctive flavor. Great addition to herb or perennial garden
Japanese Anemone	<i>Anemone tomentosa</i> 'Robustissima'	PG Shade	34 in.	perennial	average to moist	part sun	mauve-pink with yellow center. Absolutely wonderful plant that blooms just when you need color in the garden!
Wild Columbine	<i>Aquilegia canadensis</i>	Hummer Haven	1-2 ft.	perennial	average, well-drained	sun to shade	Red and light pink flowers bloom April-May. Self-seeds, MO native, attracts hummingbirds.
Dove White Columbine	<i>Aquilegia 'Dove'</i>	Moon Garden P	24 in.	perennial	average	part to full sun	Early flowering pure white columbine. Very floriferous and has a compact habit.
Jack-in-the-Pulpit	<i>Arisaema triphyllum</i>	RW Shade II	18-24 in.	perennial	average	part to full sun	Unique brown or green flowers, native woodland plant.
Woolly Pipevine	<i>Aristolochia tomentosa</i>	Bfly Host P	20-25 ft.	perennial vine	average	part to full sun	Forms dense cover on trellis, arbor, or porch. Blooms May-June, host to Pipevine Swallowtail. Plant of Merit
Powis Castle Artemisia	<i>Artemisia 'Powis Castle'</i>	PG Foliage		perennial		full sun	with great feathery foliage suitable for a moon or white garden.
Italian Arum	<i>Arum italicum 'Pictum'</i>	PG Shade	6-10 in.	perennial	moist, well-drained	part sun	Showy leaves go dormant in June, resume growth in the fall. The greenish-white spathes are followed by bright red-orange fruits in late summer that may last into winter.
Variegated Giant Reed	<i>Arundo 'Variegata'</i>	PG Foliage	8-10 ft.	perennial	average, well-drained	full sun	Green and creamy-white variegated leaves. Clumping habit, great for screening and height in the garden. Flower stalk adds another 1-2 feet late summer
Wild Ginger	<i>Asarum canadense</i>	PG Foliage	6-8 in.	perennial	moist, organic	part sun to shade	This woodland native is grown for its foliage in the perennial garden. Heart-shaped leaves and insignificant brownish flowers, aromatic root.

Cinderella Swamp Milkweed	Asclepias incarnata 'Cinderella'	Bfly Host P	3-5 ft.	perennial	average, well-drained	full sun	and bloom summer through fall. Host of Monarch.
White Swamp Milkweed	Ballet'	Bfly Host P	40 in.	perennial	average, well-drained	full sun	Monarch
Butterfly Milkweed	Asclepias tuberosa	Bfly Host P	1-2 ft.	perennial	dry, well-drained	full sun	leaves are a food source. This strain has local garden adaptability and reblooming nature. Host of Monarch
Purple Dome Aster	Aster novae-angliae 'Purple Dome'	PG Sun II	18 in.	perennial	average	full sun	Compact, rounded plant form. This disease resistant variety has royal purple flowers that call out for your attention! They look their best when paired with fall-blooming grasses.
Aromatic Aster	Aster oblongifolius	Bfly Nectar P	2 ft.	perennial	average	full sun	Bloom Sept.-Oct. with sky blue flowers. Native of the Plains.
Red Sentinel Astilbe	Astilbe 'Red Sentinel'	RW Shade II	2 ft.	perennial	moist, organic	shade	Deep crimson flowers and mahogany stems. Reddish leaves turn deep green with age.
Sprite Astilbe	Astilbe 'Sprite'	PG Shade	1 ft.	perennial	moist, organic	full to part shade	This late flowering variety has light pink flowers and bronze cut foliage.
Lady Fern	Athyrium filix-femina	premier perennials sun/shade		perennial		shade	The classic, fine textured native woodland fern that spread slowly by runners. Great moist shade garden plant.
Ghost Fern	Athyrium 'Ghost'	PG Shade	24-36 in.	perennial	moist, organic	full to part shade	Rigid, upright clumps with apple green fronds frosted silvery-gray. Tough, reliable fern for the shade garden
Lady in Red Fern	Athyrium 'Lady in Red'	RW Shade I	30-36 in.	perennial	moist, organic	full to part shade	This beauty develops deep burgundy stems that contrast well with its dark green foliage. Very upright habit
English Painted Fern	Athyrium otophorum 'Oknum'	premier perennials sun/shade		perennial		shade	A great ornamental fern with silvery, sage green new foliage that turns true green by late summer. Native to the Orient not England.
Basket-of-Gold	Aurinia saxatilis	Living Wall flowers	10 in.	perennial	average, well-drained	full to part sun	Foliage is a mat of gray-green. Bright yellow flowers appear in early spring.
Ballota	Ballota psuedodyctamnus 'Nana'	Living Wall foliage	1-2 ft.	subshrub	average to dry, well-drained	full sun	Mound-forming yellow-green leaves and pinkish white flowers. Good for rock walls, prune for flush of new foliage
White False Indigo	Baptisia alba	premier perennials full sun		perennial	average well-drained	full sun	The native white Baptisia with tall stems of white, pea-like flowers followed by spikes of seed pods that hold well through winter.
Blue False Indigo	Baptisia australis	premier perennials full sun		perennial	average well-drained	full sun	Plant of Merit, this is a very long-lived native perennial with handsome blue flowers in late spring that are followed by spikes of seed pods which hold through winter.
Carolina Moonlight False Indigo	Baptisia 'Carolina Moonlight'	premier perennials full sun		perennial	average well-drained	full sun	yellow flowers that look somewhat like lupines; heat tolerant so sometimes called "redneck" lupines.
Purple Smoke False Indigo	Baptisia 'Purple Smoke'	premier perennials full sun		perennial	average well-drained	full sun	purplish stems give rise to spires of smoky blue-purple flowers in late spring. The foliage holds well through the season on this long-lived plant.

Screaming Yellow False Indigo	Baptisia sphaerocarpa 'Screaming Yellow'	premier perennials full sun		perennial	average well-drained	full sun	green foliage, seed pods are perfectly round and quite ornamental -- green in summer, black in winter.
Twilite Prairieblues Indigo	Baptisia 'Twilite Prairieblues'	PG Sun I	3-4 ft.	perennial	average, well-drained	full to part sun	Blooms are bi-colored deep violet and lemon-yellow. Flowers May-June, blue-green foliage. Excellent architectural form in the garden!
Hardy Begonia	Begonia grandis	PG Shade	18-24 in.	tender perennial	average to moist, well-drained	full to part shade	upright and branching and benefits from winter protection.
Crossvine	Bignonia capreolata		8 feet plus	evergreen vine	rich organic wet to average	full sun to shade	Kentucky. Very showy golden -orange flowers in late spring, a few later through the season. Foliage is evergreen and turns purple in cold weather. Can climb large tree trunks or be planted against a wall. Does not run like trumpetvine.
Common Name	Botanical Name		Height	Type	Soil	Light	Alan's Notes
Blue-flowering Brunnera	Brunnera macrophylla	RW Shade I	12-18 in.	perennial	average to moist	full to part shade	Vigorous grower! Heart-shaped leaves with delicate baby-blue flower clusters.
Emerald Mist Brunnera	Brunnera macrophylla 'Emerald Mist'	Shady Foliage Colors	12-15 in.	perennial	average to moist	shade	shade! Leaves are silvered with additional necklace of silver spangles. Dainty blue forget-me-not-looking flowers. WOW, better than expected!
Mr. Morse White Brunnera	Brunnera macrophylla 'Mr. Morse'	Moon Garden P	12-15 in.	perennial	average to moist	full to part shade	green veining, flowers are white forget-me-not type
Spring Yellow Brunnera	Brunnera macrophylla 'Spring Yellow'	Shady Foliage Colors	12-15 in.	perennial	average to moist	shade	green as temperatures rise. Baby-blue flowers in spring.
Adonis Blue Butterflybush	Buddleia 'Adonis Blue'	Tidy Shrubs	4 ft.	perennial	average, well-drained	full sun	10-12 inch deep blue flowers. Very fragrant variety, compact plant
Black Knight Butterflybush	Buddleia davidii 'Black Knight'		6-8 ft.	subshrub	average well-drained	full sun to part shade	Very dark indigo purple flowers on tall stems. Very fragrant and a premier butterfly attractor.
Pink Delight Butterflybush	Buddleia davidii 'Pink Delight'		6-8 ft.	subshrub	average well-drained	full sun to part shade	A tall butterflybush with large panicles of pink flowerers.
Royal Red Butterflybush	Buddleia davidii 'Royal Red'		6-8 ft.	subshrub	average, well-drained	full sun	A tall butterflybush with red-violet flowers are fragrant and attract bees, birds, and butterflies.
Nanho Blue Butterflybush	Buddleia davidii var. nanhoensis 'Nanho Blue'		4 ft.	subshrub	average well-drained	full sun to part shade	A compact butterflybush great for containers; flowers are violet blue and if deadheaded can bloom from mid summer until fall in great profusion. This is the spectacular butterflybush in front of the gatehouse.
Nanho Purple Butterflybush	Buddleia davidii var. nanhoensis 'Nanho Purple'		4 ft.	subshrub	average, well-drained	full sun to part shade	flowers are purple and if deadheaded can bloom from mid summer until fall in great profusion.
White Profusion Butterflybush	Buddleia davidii 'White Profusion'		5-6 ft.	subshrub	average, well-drained	full sun	becomes a huge fountain of white flowers by fall.
Miss Ruby Butterflybush	Buddleia 'Miss Ruby'	Tidy Shrubs	4-5 ft.	perennial	average, well-drained	full sun	NEW! Very vivid, rich ruby-pink blooms! Compact habit
Spring Butterflybush	Buddleja alternifolia 'Argentea'	Bfly Nectar P	4-6 ft.	shrub	average, well-drained	full sun	Grows in a variety of soils. Has finely-textured foliage and lavender to violet flowers. Use in naturalistic designs and shrub borders.

White Butterflybush	Buddleja davidii 'Alba'		6-8 ft.	subshrub	average, well-drained	full sun	A graceful shrub with fragrant white flowers, quite reliable variety growing in the Perennial Garden for 19 years.
Early Amethyst Beautyberry	Callicarpa dichotoma 'Early Amethyst'	RW Shade Shrubs	5 ft.	subshrub	average, well-drained	full sun	Long-lasting bright purple berries appear in early fall. Beautiful!
Birch's Hybrid Bellflower	Campanula 'Birch's Hybrid'	Living Wall flowers	6-8 in.	perennial	moist, well-drained	full to part sun	One inch long, lavender-blue flowers bloom early summer to early fall. Tidy habit, excellent for walls and crevices.
Cherry Bells Bellflower	Campanula 'Cherry Bells'	PG Shade	24-30 in.	perennial	average, well-drained	full to part sun	Large, pendulous cherry-red bells form on erect stems. Flowers have reddish-purple spots on the inside and are edged in white. Very nice!
Red Sunset Trumpetvine	Campsis radicans 'Red Sunset'	Hummer Haven	30 in.	perennial vine	average to dry	full to part sun	Orange, trumpet-shaped flowers that attract hummingbirds. Grows quickly. Good plant for fences and screens.
Species Cannas	Canna species (seed grown)	Hummer Haven	4-6 ft.	tender perennial	moist, organic	full to part sun	red tubular flowers are a hummingbird magnet, grown from seed collected off several species in our hummingbird garden; they do hybridize so you may get something wonderful! Already some have varying foliage colors.
Gray's Sedge	Carex grayii	Bfly Host P	2-3 ft.	perennial sedge	average to moist	shade	Large, showy seed heads. This plant is a great addition to your bog or rain garden. Host of Dun and other Skippers.
Blue Myth Bluemist	Caryopteris incana 'Blue Myth'	New Perennial Blend	2 ft.	subshrub	average, well-drained	full sun	New! Short, compact habit and showy, blue-purple flowers. Grey-green foliage forms a nice clump in the landscape.
Marie Bleu Ceanothus (New Jersey Tea hybrid)	Ceanothus 'Marie Bleu'	Tidy Shrubs	2-3 ft.	small shrub	average, well-drained	full to part sun	Lilacs" than here it finally is: a hybrid between native New Jersey tea and the blue-flowering <i>Ceanothus</i> from the West Coast. Covered in misty-blue flower heads in spring! Also has interesting red seed heads.
Dwarf Hackberry	Celtis tenuifolia	Bfly Host P	8 - 15 ft.	shrub or small tree	average to dry, well-drained	full sun to light shade	Seedlings from local wild plants, if you want the five species of butterflies host to a hackberry but don't have space for the shade tree then this is it! Edible fruit. Never for sale.
White Garden Heliotrope	Centranthus ruber 'Albus'	Moon Garden P	24-36 in.	perennial	average to dry	full to part sun	White-flowered form. This plant provides good 'filler' in the perennial or heirloom garden.
Hardy Plumbago	Ceratostigma plumbaginoides	PG Sun II	6-8 in.	perennial	average, well-drained	full to part sun	Wonderful, long-blooming perennial groundcover. Has electric-blue flowers and glossy green foliage. Very dependable
River Oats	Chasmanthium latifolium	RW Shade II	2-3 ft.	perennial grass	average to moist	full to part sun	Clumping grass that has unique bamboo-like foliage and drooping, papery flowers. Looks beautiful when the wind blows! Can re-seed profusely so plant accordingly. Good host plant for several woodland butterflies.
Hot Lips Turtlehead	Chelone lyonii 'Hot Lips'	PG Shade	2-4 ft.	perennial	moist to wet	part sun to shade	green leaves. Blooms in late summer, long-blooming
Pink Turtlehead	Chelone obliqua	Bog/Rain Marginals	24-36 in.	perennial	moist to wet	part sun to shade	Dark, rose-pink to purple flowers. Great for your rain garden.

Jackie's Mums	Chrysanthemum 'Jackie's Seedlings'	Bfly Nectar P	15-24 in.	perennial	average, well-drained	sun	Late blooming mum in variable shades of pink and white. From Jackie Goetz. A virtual butterfly magnet in the garden!
White Pearl Bugbane	Cimicifuga simplex 'White Pearl'	RW Shade II	36 in.	perennial	average, well-drained	full to part shade	Blooms late summer, very fragrant, pure white flowers. Deer resistant
Arabella Clematis	Clematis 'Arabella'	Summer Shrubs & Vines	4-6 ft.	perennial vine	average, well-drained	sun	Compact, shrubby plant with single, deep blue-mauve flowers that mature to a lighter color. Flowers late spring to early fall.
Beauty of Worcester Clematis	Clematis 'Beauty of Worcester'	Summer Shrubs & Vines	6-8 ft.	perennial vine	average, well-drained	part sun	Semi-double and double flowers are reddish-purple with creamy yellow stamens. Reblooms in late summer as a single.
Carnaby Clematis	Clematis 'Carnaby'	Summer Shrubs & Vines	10 ft.	perennial	average, well-drained	part sun	each tepal. Single 6-8 inch blooms late spring to summer.
Frances Ravis Clematis	Clematis 'Frances Ravis'	Summer Shrubs & Vines	6 ft.	perennial vine	average, well-drained	sun	Delicate, single blue flowers have slightly twisted tepals and bloom April to June.
Jackman Clematis	Clematis 'Jackmanii'	Summer Shrubs & Vines	10-15 ft.	perennial vine	average, well-drained	sun	early to late summer. One of the most popular varieties!
Freda Clematis	Clematis montana 'Freda'	Summer Shrubs & Vines	25 ft.	perennial vine	average, well-drained	full to part sun	Blooms April-May with 2 inch, cherry-pink flowers. Quick growth and flowers profusely.
Westerplatte Clematis	Clematis 'Westerplatte'	Summer Shrubs & Vines	6 ft.	perennial vine	average, well-drained	sun	This very impressive cultivar blooms June-August.
Summersweet Clethra	Clethra alnifolia	RW Shade Shrubs	3-8 ft.	shrub	average to moist	sun to shade	flowers and yellow fall color. Wildlife friendly upright shrub.
Vanilla Spice Summersweet	Clethra alnifolia 'Vanilla Spice'	Tidy Shrubs	3-6 ft.	shrub	average to moist	full to part sun	New! Flowers are extra large and a fragrant, pure white. Glossy, dark green leaves make this a standout plant even when not in bloom!
Lily-of-the-Valley	Convallaria majalis 'Bordeaux'	RW Shade I	6-8 in.	perennial	average to moist	part sun to shade	stalks appear more above leaves. Prolific white blooms!
Full Moon Coreopsis	Coreopsis 'Full Moon'	Sunny Sunflower Family	24-30 in.	perennial	average to dry, well-drained	full sun	flowers up to 3 inches across! Intermediate green foliage
Heaven's Gate Coreopsis	Coreopsis 'Heaven's Gate'	PG Sun II	18-24 in.	perennial	average to dry	full sun	Tall variety with large, blush-pink flowers and a rosy eye and gold button center. Deer resistant, tough plant for hot, dry sites.
Redshift Coreopsis	Coreopsis 'Redshift'	Sunny Sunflower Family	30-36 in.	perennial	average to dry, well-drained	full sun	New! Creamy-yellow flower with red eye that opens after cool nights. Flowers can vary from solid red to yellow with red-streaked petals.
Sienna Sunset Coreopsis	Coreopsis 'Sienna Sunset'	Sunny Sunflower Family	16-20 in.	perennial	average to dry, well-drained	full sun	'Brulee' that produces rich, burnt sienna-colored flowers.
Moonray Coreopsis	Coreopsis verticillata 'Moonray'	Sunny Sunflower Family	18-24 in.	perennial	average to dry, well-drained	full sun	New! Light, creamy-yellow flowers and vigorous habit. Long bloom time
Sunbeam Coreopsis	Coreopsis verticillata 'Sunbeam'	Sunny Sunflower Family	18-24 in.	perennial	average to dry, well-drained	full sun	Grey-green, narrow foliage and dark golden-yellow flower. Forms a compact mound
Hardy Cyclamen	Cyclamen hederifolium	RW Shade II	6-8 in.	perennial	dry, well-drained	shade	Foliage is marbled and dies back in summer. Must have well-drained location for this plant, mulch for winter.
Samba Single Chrysanthemum	Dendranthemum 'Samba'	premier perennials full sun	18"	perennial	average well-drained	full sun	A single pink "daisy" mum that has grown beautifully for us, very attractive foliage all season and a great nectary plant in fall.

Apple Slice Pinks	Dianthus 'Apple Slice'	New Perennial Blend	10 in.	perennial	average, well-drained	full to part sun	New! Blossoms are fragrant and velvety red with large, pale pink to white blotches. Blue-green, grassy foliage
Coconut Punch Pinks	Dianthus 'Coconut Punch'	New Perennial Blend	12 in.	perennial	average, well-drained	full to part sun	New! Double flowers are deep red and white. As the bloom matures, the white expands and a wine-colored ring is left around each petal!
Firewitch Pinks	Dianthus 'Firewitch'	Living Wall flowers	6 in.	perennial	dry, well-drained	full sun	Great addition to the rock garden or border. Raspberry-red flowers that rebloom if deadheaded. Foliage forms a mat of silvery-blue. 2006 PPA Plant of the Year!
First Love Pinks	Dianthus 'First Love'	Bfly Nectar P	15-18 in.	perennial	dry, well-drained	full sun	Extremely fragrant flowers turn from white to deep rose from April to frost. 2001 Plant Select
Snow White Pinks	Dianthus petraeus 'Snow White Pinks'	Living Wall foliage	18-24 in.	perennial	average, well-drained	full sun	White flower with spicy-sweet fragrance from late spring to summer. Blue-green foliage
Sangria Splash Pinks	Dianthus 'Sangria Splash'	New Perennial Blend	10 in.	perennial	average, well-drained	full to part sun	New! Bright fuchsia and purple flower with tiny flecks of pink splashed on the petals.
Bleeding Hearts	Dicentra spectabilis	PG Shade	30-36 in.	perennial	average, well-drained	shade	Heart-shaped flowers are pink with white tips. Often go dormant in summer after blooming.
White Bleeding Hearts	Dicentra spectabilis 'Alba'	RW Shade I	2 ft.	perennial	average, well-drained	shade	Has puffy white flowers on elegant, arching stems. Quite lovely.
All That Jazz Purple Coneflower	Echinacea 'All That Jazz'	Sunny Sunflower Family	30-36 in.	perennial	average, well-drained	full sun	Very unique hybrid coneflower with quilled ray petals. Flowers are fragrant and lavender-pink atop tall, strong stems.
Prairie Giant Purple Coneflower	Echinacea 'Prairie Giant'	Bfly Nectar P	30-40 in.	perennial	dry, well-drained	full sun	flowers. Makes quite a statement in the garden!
Prairie Splendor Purple Coneflower	Echinacea 'Prairie Splendor'	Bfly Nectar P	24 in.	perennial	dry, well-drained	full sun	Blooms earlier than other coneflowers, from early summer into fall. Short, compact plant with large, rose-pink flowers.
Fragrant Angel Coneflower	Echinacea purpurea 'Fragrant Angel'	Sunny Sunflower Family	30 in.	perennial	average, well-drained	full sun	Gorgeous white, horizontally-held flower with a huge yellow cone. Grows just like 'Ruby Giant'
Kim's Knee High Purple Coneflower	Echinacea purpurea 'Kim's Knee High'	premier perennials sun/shade		perennial		full sun to part shade	coneflower. Probably my favorite cultivar of this native plant.
Pink Double Delight Coneflower	Echinacea purpurea 'Pink Double Delight'	Sunny Sunflower Family	18-24 in.	perennial	average, well-drained	full sun	Short, compact habit and well-branched with true pink pompon flowers 3 inches across.
Virgin Coneflower	Echinacea purpurea 'Virgin'	Sunny Sunflower Family	20-24 in.	perennial	average, well-drained	full sun	Upright habit requires no staking. Large flowers are pure white with a green cone and a double row of ray petals.
Tiki Torch Coneflower	Echinacea 'Tiki Torch'	PG Sun II	32 in.	perennial	dry, well-drained	full sun	New! Tall stems are topped with pumpkin-orange flowers. Blooms floriferously in late June. Well named and stands out as the best among all the new hybrid coneflowers.
Red Epimedium	Epimedium rubrum	RW Shade I	12 in.	perennial	dry, well-drained	shade	leaves on a fast-growing plant. Great groundcover for dry shade where nothing else will grow.
Rattlesnake Masters	Eryngium yuccifolium	Moon Garden P	48 in.	perennial	dry, well-drained	full sun	Native plant with yucca-like foliage and clusters of small, white flowers. Very drought tolerant.

Gateway Joe Pye-weed	Eupatorium 'Gateway'	Bfly Nectar P	6 ft.	perennial	average to moist and wet	full sun	September. Course leaves and dark stems, deer resistant. Nice plant for back of the border. Good for a rain garden as it prefers extra moisture.
Little Joe Pye-weed	Eupatorium 'Little Joe'	PG Sun I	3-4 ft.	perennial	average to moist and wet	full sun	Scaled-down Joe Pye Weed, shorter for more versatility in the garden. Mauve-purple flowers with dark purple-red stems.
Edible Fig	Ficus carica cultivars		5 feet or more	dieback shrub	average to dry, well-drained	full sun	A mix of cutting grown plants off our successful figs. Can be stored dormant in a garage for the winter to produce spring crop, root hardy outdoors, fall crop is produced on shoots off the roots. Prune growth tips to ripen figs better.
Queen-of-the-Prairie	Filipendula rubra 'Venusta'	Bog/Rain Marginals	42 in.	perennial	moist to wet	full to part sun	Strong, tall stems with deep pink flowers that look like cotton candy on a stick. Flowers in early summer, very pest resistant. A great rain garden plant as it prefers wet soil.
Fennel	Foeniculum vulgare	Insectaries	5 ft.	perennial	average to dry	full sun	Herb used in soups, salads, etc. Lacy foliage is attractive, use in butterfly garden. Host to Black Swallowtail.
Bronze Fennel	Foeniculum vulgare 'Dulce'	Bfly Host P	5 ft.	perennial	average to dry	full sun	Decorative foliage is bronze-red. Unique contrast plant! Host of Black Swallowtail.
Dwarf Fothergilla	Fothergilla gardenii	Tidy Shrubs	2-4 ft.	small shrub	average, well-drained	full to part sun	White puff-ball flowers appear before the leaves. Fall color is spectacular in various shades of orange, red, and yellow!
Orion Geranium	Geranium 'Orion'	New Perennial Blend	20 in.	perennial	average	full to part sun	Bright blue, saucer-shaped flowers with contrasting veins. Blooms late spring to early summer. Nice fall foliage as well
Rozanne Geranium	Geranium 'Rozanne'	PG Sun II	20 in.	perennial	average to moist, well-drained	full to part sun	deep green with slight marbling. Better heat tolerance than other similar varieties. 2008 PPA Plant of the Year.
All Gold Hakone Grass	Hakonechloa macra 'All Gold'	Shady Foliage Colors	9-14 in.	perennial grass	average to moist	part sun to shade	New! Solid gold foliage with an upright habit. Spreads slowly, a great plant to brighten up that shady spot!
Golden Hakone Grass	Hakonechloa macra 'Aureola'	PG Foliage	1-2 ft.	perennial grass	average, well-drained	part sun to shade	Arching, golden foliage adds color to the shaded garden and looks great cascading over a rock wall. 2009 PPA Plant of the Year.
Naomi Hakone Grass	Hakonechloa macra 'Naomi'	Shady Foliage Colors	8-16 in.	perennial grass	average to moist	part sun to shade	New! Creamy yellow and green variegated leaves take on reddish-purple tones in the fall.
Lenten Rose	Heleborus x hybridus	RW Shade I	24 in.	perennial	average, well-drained	full to part shade	Evergreen foliage that benefits from some winter protection. Flowers are cup-shaped in colors of pink, purple, cream, and white. 2005 PPA Plant of the Year.
Sahin's Orange Sneezeweed	Helenium 'Sahin's Early Flowerer'	PG Sun I	3 ft.	perennial	average to moist	full sun	Flowers are deep red-orange streaked with yellow and tangerine-orange with a brown cone. Very long-blooming plant, a sure winner!
Rock Rose	Helianthemum nummularium	Living Wall flowers	6-12 in.	perennial	average to dry, well-drained	full sun	Bright multi-colored flowers and evergreen foliage. Dwarf, shrubby rock garden plant.
Courage Lenten Rose	'Courage'	premier perennials sun/shade	14"	perennial	well drained	shade	courage.

Empathy Lenten Rose	Helleborus x hybridus 'Empathy'	premier perennials sun/shade	14"	perennial	average, well-drained	shade	A Lenten-Rose with white petals that are blushed with rose centers and petal edges.
Integrity Lenten Rose	Helleborus x hybridus 'Integrity'	premier perennials sun/shade	14"	perennial	average, well-drained	shade	A Lenten-Rose with flowers of pristine white with a green center.
Melody Lenten Rose	Helleborus x hybridus 'Meldody'	premier perennials sun/shade	14"	perennial	average, well-drained	shade	A blend in the Immanence collection of Lenten-roses so flowers vary from pristine white to rosy red and purple.
Solace Lenten Rose	Helleborus x hybridus 'Solace'	premier perennials sun/shade	14"	perennial	average, well-drained	shade	A Lenten-Rose with rose spotted petals that are hi-lighted by a white edge.
Sympathy Lenten Rose	Helleborus x hybridus 'Sympathy'	premier perennials sun/shade	14"	perennial	average, well-drained	shade	A Lenten-Rose with soft pink petals that are speckled with rose.
Yellow Lady Lenten Rose	Helleborus 'Yellow Lady'	PG Shade	24 in.	perennial	average, well-drained	shade	Petals are soft green-yellow flecked with red and lime green in the center. Bloom February-March. Unique color
Joan Senior Daylily	Hemerocallis 'Joan Senior'	Moon Garden P	30 in.	perennial	average, well-drained	full sun	Creamy white blossom with yellow-green throat. Tepals are slightly ruffled and recurved. High bud count and excellent branching.
Sunday Gloves Daylily	Hemerocallis 'Sunday Gloves'	Moon Garden P	27 in.	perennial	average, well-drained	full sun	Highly fragrant, graceful blooms are almost white. Very superior foliage and flower form. Blooms all summer
Seven Sons (tree)	Heptacodium miconioides	Summer Shrubs & Vines	15 ft.	small tree	average, well-drained	full to part sun	Covered in clusters of fragrant white flowers in the fall, followed by rosy-red sepals. Exfoliating bark is eye-catching in winter. Major butterfly nectar source too!
Beaujolais Heuchera	Heuchera 'Beaujolais'	Shady Foliage Colors	12 in.	perennial	average, well-drained	part sun to shade	Burgundy leaves have dark purple veins and a silver sheen. Vigorous variety that flowers cream from pink buds
Christa Heuchera	Heuchera 'Christa'	Shady Foliage Colors	8-10 in.	perennial	average, well-drained	part sun to shade	New leaves are rose-purple with a peach underlay. The peach color becomes dominant as the leaves mature.
Encore Heuchera	Heuchera 'Encore'	Shady Foliage Colors	12 in.	perennial	average, well-drained	part sun to shade	Deep-rose leaves have dark veins and mature to rose/silver with prominent, smoky-purple veins. Very distinct venation pattern
Green Spice Coralbells	Heuchera 'Green Spice'	PG Foliage	9 in.	perennial	average, well-drained	full to part shade	Green-silvery leaf with beet-red venation and dark green edges. Fall color is a brilliant red-orange. Bloom is tiny, cream-colored
Miracle Heuchera	Heuchera 'Miracle'	Shady Foliage Colors	8-10 in.	perennial	average, well-drained	part sun to shade	Foliage is brick-red with chartreuse-gold edges and matures to a mottled green in the summer months. Very nice!
Mocha Heuchera	Heuchera 'Mocha'	Shady Foliage Colors	16 in.	perennial	average, well-drained	part sun to shade	Bronze-purple leaves turn a very dark purple (almost black) and can grow up to 6 inches across! Nice contrast plant
Pinot Gris Heuchera	Heuchera 'Pinot Gris'	Shady Foliage Colors	10 in.	perennial	average, well-drained	part sun to shade	smoky-rose with a silver overlay and deep purple undersides. Cream flowers and a nice habit
Pinot Noir Heuchera	Heuchera 'Pinot Noir'	Shady Foliage Colors	10 in.	perennial	average, well-drained	part sun to shade	Floriferous variety with deep purple leaves and an extensive network of black-purple veins. Blooms are pure white

Ruby Bells Coralbells	Heuchera sanguinea 'Ruby Bells'	Hummer Haven	16 in.	perennial	average, well-drained	full to part shade	Flowers are dark red on dense spikes. Foliage is evergreen, compact. Attracts butterflies and hummingbirds.
Tiramisu Heuchera	Heuchera 'Tiramisu'	Shady Foliage Colors	8-10 in.	perennial	average, well-drained	part sun to shade	of red. Summer color is chartreuse with a light silver overlay. Cream flowers and a compact habit
Blue River White Hibiscus	Hibiscus 'Blue River II'	Bog/Rain Marginals	4-5 ft.	perennial	average to moist	full sun	Pure white flowers as large as a dinner plate! Long-blooming and robust plant

Lord Baltimore Red Hibiscus	Hibiscus 'Lord Baltimore'	Bog/Rain Marginals	4-5 ft.	perennial	average to moist	full sun	Leaves are deeply lobed and plant is strong and shrub-like. A standout in the perennial garden!
Pink Elephant Hibiscus	Hibiscus moscheutos 'Pink Elephant'	Bog/Rain Marginals	5-6 ft.	perennial	average to moist	full sun	measure 1 foot wide! Sure to be a winner in the garden!
Sugar Tip Rose-of-Sharon	Hibiscus syriacus 'Sugar Tip'	Summer Shrubs & Vines	8-12 ft.	shrub	average, well-drained	full sun	New! A variegated Rose of Sharon that does not produce seed! Full of double, clear pink flowers in late summer. Developed by an Independence, MO native
Chiffon White Rose-of-Sharon	Hibiscus syriacus 'White Chiffon'	Summer Shrubs & Vines	8-12 ft.	shrub	average, well-drained	full sun	a lacy center and plant has a strong growth habit.
	Hosta	RW Shade II					
Guacamole Hosta	Hosta 'Guacamole'	PG Shade	24 in.	perennial	average, well-drained	sun to shade	Large 10 inch leaves are gold-centered and margined in green. Lavender bloom in August. Very nice hosta
Showy Plantain-lily hosta	Hosta plantaginea 'Grandiflora'	Moon Garden P	2 ft.	perennial	average, well-drained	sun to shade	Oval, pale green leaves are medium in size. White, fragrant flowers appear in late summer. Sun tolerant variety.
Red October Hosta	Hosta 'Red October'	RW Shade II	24-28 in.	perennial	average, well-drained	shade	Red leaf petiole on long, narrow, blue-green leaf with white underneath. Lavender flowers on red-purple scapes. Unique hosta
Striptease Hosta	Hosta 'Striptease'	RW Shade II	20 in.	perennial	average, well-drained	shade	Leaf has golden center with wide, dark green margins, occasionally with white lines in between. Flower is a pale violet.
Sum & Substance Hosta	Hosta 'Sum & Substance'	PG Shade	36 in.	perennial	average, well-drained	sun to shade	Huge hosta! Exposure to sun varies leaf color from light green to chartreuse to gold. Sun tolerant, pale lavender flowers.
Victory Hosta	Hosta 'Victory'	PG Foliage	30 in.	perennial	average, well-drained	shade	green with wide yellow-white margins. Good background plant
Annabelle Hydrangea	Hydrangea arborescens 'Annabelle'	RW Shade Shrubs	3-4 ft.	shrub	average to moist, well-drained	full to part sun	Large, snowball flowers gradually turn from green to pure white. Long-blooming
Incrediball Hydrangea	Hydrangea arborescens 'Incrediball'	RW Shade Shrubs	4-5 ft.	shrub	average, well-drained	full to part sun	on beefy stems! Improvement of 'Annabelle' that has 4 times as many flowers that don't flop!
Blue Bunny Hydrangea	Hydrangea involucrata 'Blue Bunny'	Tidy Shrubs	2-4 ft.	shrub	average, well-drained	full to part sun	New! Blooms abundantly on new wood each year. Lacy flowers are blue and the plant is a strong grower.

Let's Dance Moonlight Hydrangea	Hydrangea macrophylla 'Let's Dance Moonlight'	RW Shade Shrubs	2-3 ft.	shrub	average, well-drained	full to part sun	New! Large mophead flowers are rich pink (or blue depending on pH)) and rebloom. Foliage is bronze-red in the fall.
Let's Dance Starlight Hydrangea	Hydrangea macrophylla 'Let's Dance Starlight'	RW Shade Shrubs	2-3 ft.	shrub	average, well-drained	full to part sun	New! The first ever lacecap that blooms on new wood! Hardy plant with bright pink (or blue), massive flowers!
Pink Shira Hydrangea	Hydrangea macrophylla 'Pink Shira'	Tidy Shrubs	3-5 ft.	shrub	average, well-drained	full to part sun	Flowers start out green and turn to shades of rich pink. Compact plant with strong stems and a very reliable bloomer.
Limelight Hydrangea	Hydrangea paniculata 'Limelight'	Summer Shrubs & Vines	6-8 ft.	shrub	average, well-drained	full to part sun	Lime-green flowers are held upright on strong stems. Combination of pink, burgundy, and green blooms are incredible in the fall!
Pinky Winky Hydrangea	Hydrangea paniculata 'Pinky Winky'	Summer Shrubs & Vines	6-8 ft.	shrub	average, well-drained	full to part sun	Flowerheads are two-toned pink and white in the summer. Blooms regardless of climate, soil, pH, or pruning. Nice specimen plant
Little Honey Oakleaf Hydrangea	Hydrangea quercifolia 'Little Honey'	RW Shade Shrubs	3-4 ft.	shrub	average, well-drained	full to part sun	Oakleaf with golden-yellow foliage that changes to brilliant red in the fall. Very pretty!
Snow Queen Oakleaf Hydrangea	Hydrangea quercifolia 'Snow Queen'	RW Shade Shrubs	7-10 ft.	shrub	average, well-drained	full to part sun	Upright panicles of white are packed tightly together. Flowers fade to light pink and fall foliage color is excellent!
Snowflake Oakleaf Hydrangea	Hydrangea quercifolia 'Snowflake'	RW Shade Shrubs	5-6 ft.	shrub	average, well-drained	full to part sun	Huge, pendulous blooms open white and the sepals turn dark purple-pink. Outstanding fall color and weeping habit. Quite a show!
Herb Hyssop	Hyssopus officinalis	Insectaries	18 in.	perennial herb	average, well-drained	full sun	Foliage is pungent, minty. Purple flowers. Good Grape Vine companion plant.
Variegated Japanese Iris	Iris ensata 'Variegata'	Bog/Rain Marginals	20 in.	perennial	average to moist	part sun	foliage.
White Variegated Sweet Iris	Iris pallida 'Argentea-Variegata'	PG Foliage	1-2 ft.	perennial	average, well-drained	full to part sun	Nice white variegated foliage and a fragrant, lavender bloom early summer. Beautiful even when not in bloom
Cream Variegated Sweet Iris	Iris pallida 'Variegata'	premier perennials full sun	1-2 ft.	perennial	average, well-drained	full sun	Nice cream variegated foliage and fragrant lavender bloom in early summer.
Little Henry Sweetspire	Itea virginica 'Little Henry'	RW Shade Shrubs	24-36 in.	shrub	average to moist, well-drained	full to part shade	Mounding, compact shrub with fragrant, pure white flowers in early summer. Fall color is a spectacular fiery-red!
Blue Rush	Juncus inflexus	Bog/Rain Marginals	20 in.	perennial grass	moist to wet	full to part sun	Clumping, blue-green rush. Perfect in shallow water or in a rain garden.
Golden Guinea Kerria	Kerria japonica 'Golden Guinea'	RW Shade Shrubs	3-5 ft.	shrub	average, well-drained	sun to shade	Large, golden flowers appear in early spring and again in summer. Stems are an attractive bright green. Prefers partial shade
Flamenco Red Hot Poker	Kniphofia 'Flamenco'	Hummer Haven	30 in.	perennial	average, well-drained	full sun	orange-yellow, and creamy-white. Beautiful cut flower
Orchid Frost Lamium	Lamium maculatum 'Orchid Frost'	PG Shade	6-12 in.	perennial	average, well-drained	full to part shade	Blooms mid-spring to summer with orchid-pink flowers. Leaves are silvery-green edged in blue green. Excellent groundcover for shade.
Hardy Sweet Pea	Lathyrus latifolius 'Rosa Perle' (Pink Pearl)	PG Sun I	6-9 ft.	perennial	average, well-drained	full to part sun	Vigorous vine with long-lasting pink flowers. Blooms summer into fall.
Hidcote Superior Lavender	Lavandula angustifolia 'Hidcote Superior'	Living Wall herbs	16 in.	perennial herb	average, well-drained	full sun	Compact plant with gray-white foliage and deep violet-blue flowers.

Buena Vista lavender	Lavandula 'Buena Vista'	Living Wall herbs	18-24 in.	perennial herb	average to dry, well-drained	full sun	Blooms twice per season and has an informal habit
Silver Frost Lavender	Lavandula 'Silver Frost'	Living Wall foliage	2-3 ft.	perennial herb	average to dry, well-drained	full sun	Stout woody plant with powder-white foliage and true blue flowers. Heat tolerant, give extra winter protection
Amelia Shasta Daisy	Leucanthemum x superbum 'Amelia'	Sunny Sunflower Family	36-40 in.	perennial	average, well-drained	full sun	of 5 inch flowers. Solid white flower with a dark yellow center. Five star rating from Chicago Botanic Garden!
Becky Shasta Daisy	Leucanthemum x superbum 'Becky'	premier perennials full sun		perennial		full sun	with sturdy stems and tolerance to our hot summers.
Meadow Blazingstar	Liatris ligulistylis	Bfly Nectar P	42 in.	perennial	average, well-drained	full sun	Blooms July-Sept. Tall spikes of purple, a Great Plains native.
Eureka Prairie Blazingstar	Liatris pycnostachya 'Eureka'	Bfly Nectar P	5 ft.	perennial	average, well-drained	full sun	Vibrant, densely crowded, reddish-purple spikes with long-lasting flowers. Wonderful in the garden and as a cut flower.
Savanna Blazingstar	Liatris scariosa	PG Sun II	30-60 in.	perennial	average, well-drained	full sun	(peak Monarch migration). Blooms from top downward, making it wonderful for flower arrangements.
Marsh Blazingstar	Liatris spicata	Bfly Nectar P	3 ft.	perennial	average, well-drained	full sun	Earliest blooming, lavender blazingstar native east of here. Often in bloom by midsummer.
Formosa Lily	Lilium formosanum	Moon Garden P	6-7 ft.	bulb	average to moist, well-drained	full sun	Showy white blooms on strong stems that require no staking! Fragrant, white trumpet-shaped flowers have faint maroon stripes (exterior) and yellow-green throats. Do not deadhead as seed pods are great winter ornament and seeds will self sow in the garden.
Statice	Limonium latifolium	PG Sun I	24 in.	perennial	average, well-drained	full sun	flower, gives a 'filler' look similar to baby's breath.
Spicebush	Lindera benzoin	Bfly Host P	6-10 ft.	shrub	average to moist, well-drained	part sun	Broad, rounded growth habit. Greenish-yellow flowers in early spring. Birds attracted to red fruit in fall and host of Spicebush Swallowtail.
Lilyturf	Liriope spicata	groundcover		perennial	average to moist		requires only one mowing (late winter / early spring).
Cardinal Flower	Lobelia cardinalis	PG Shade	3 ft.	perennial	average to moist	part sun to shade	Scarlet flowers from July-Sept. Great plant for attracting hummingbirds!
Fragrant Honeysuckle	Lonicera fragrantissima	Insectaries	6-8 feet	shrub		full sun to part shade	invasive honeysuckle and is valued for its fragrant flowers that provide nectar for honeybees early in the season. Blooms from late winter into mid-spring. Foliage is tardily deciduous or semi-evergreen.
Red Trumpet Honeysuckle	Lonicera semp. 'Blanche Sandman'	Hummer Haven	10-20 ft	perennial vine	average, well-drained	sun	Long-blooming flower that starts as deep rose and opens to light yellow.
Golden Trumpet Honeysuckle	Lonicera semp. 'John Clayton'	Hummer Haven	4-12 ft.	perennial	average, well-drained	sun	Solid yellow flowers that repeat bloom from June until frost.
Golden Moneywort	Lysimachia nummularia 'Aurea'	groundcover		perennial	moist to wet	shade	Golden spring foliage and yellow flowers; foliage fades to light green in summer. Also thrives in wet soil.

Plume Poppy	<i>Macleya cordata</i>	PG Foliage	6-8 ft.	perennial	average, well-drained	full sun	Great plant for screening. Flowers in summer with cream-pink flowers and large, beautiful dusty gray-green, unique foliage. This plant does run but is worth controlling.
Henry Hicks Sweetbay	<i>Magnolia virginiana</i> 'Henry Hicks'	Bfly Host P	10-20 ft	large shrub	average to moist	full sun to part shade	Creamy white, lemon scented flowers. Hardy evergreen selection of Sweetbay with superior fragrance (unlike Moonglow). Host to Eastern Tiger Swallowtail.
Parkrondelle Mallow	<i>Malva</i> 'Parkrondelle'	PG Sun II	4-6 ft.	biennial	average, well-drained	full sun	Pale purple, long-blooming flowers, from early summer to fall. Bees, butterflies, and birds find this plant attractive. Re-seeds
Sweet Sixteen Mallow	<i>Malva</i> 'Sweet Sixteen'	New Perennial Blend	24-30 in.	perennial	average, well-drained	full sun	Blooms most of the summer with cotton candy pink flowers. Upright habit and finely dissected, green foliage.
Purple-flowering Mazus	<i>Mazus reptans</i>	groundcover		perennial	moist, well-drained	shade	season that is studded by blue-purple flowers in spring.
White-flowering Mazus	<i>Mazus reptans</i> 'Alba'	groundcover		perennial	moist, well-drained	shade	A white flowering cultivar otherwise similar to the species.
The Best Spearmint	<i>Mentha spicata</i> 'The Best'	Insectaries	2 ft.	perennial herb	average, well-drained	full to part sun	THE BEST culinary mint! Spearmint with a stronger aroma and flavor
Jacob Cline Beebalm	<i>Monarda didyma</i> 'Jacob Cline'	Hummer Haven	5 ft.	perennial	average, well-drained	full to part sun	Mildew-resistant plant with large red flowers. Tall plant that blooms June-Aug. Attractive to butterflies and hummingbirds!
Grand Parade Beebalm	<i>Monarda</i> 'Grand Parade'	New Perennial Blend	13-16 in.	perennial	average to moist, well-drained	full to part sun	Beautiful lavender-purple blossoms on mid-sized, upright plants. Good cut flower and excellent disease resistance.
Prairie Gypsy Beebalm	<i>Monarda</i> 'Prairie Gypsy'	Insectaries	18-24 in.	perennial	average, well-drained	full to part sun	Exciting extra large raspberry-pink floral tubes. Has a fragrant, minty scent. Attracts many species of butterflies!
Dotted Horsemint	<i>Monarda punctata</i>	Insectaries	24-36 in.	biennial	average, well-drained	full to part sun	yellow flowers and purple spots in summer and fall.
Walker's Low Catmint	<i>Nepeta</i> 'Walker's Low'	Insectaries	30-36 in.	perennial	average to dry, well-drained	full sun	Long-blooming and reblooms if cut back. Low maintenance plant with no disease problems. Deer and rabbit resistant. 2007 PPA Plant of the Year.
Amethyst Falls Oregano	<i>Origanum</i> 'Amethyst Falls'	Living Wall flowers	15 in.	perennial	average to dry, well-drained	full sun	Amazing plant that you have to see to believe! Huge flowersprays contain hundreds of pendulous chartreuse bracts and protruding bright pink flowers. You NEED this plant for your rock garden or raised bed!
Dittany of Crete	<i>Origanum dictamnus</i>	Living Wall flowers	1 ft.	perennial	average, well-drained	full sun	Trailing plant with pink flowers and white, wooly leaves. Does well in hanging baskets.
Ditany of Crete	<i>Origanum dictamnus</i>	Living Wall herbs	1 ft.	perennial herb	average to dry	full sun	Trailing habit is good for hanging baskets or rock walls.
Herrenhausen Oregano	<i>Origanum</i> 'Herrenhausen'	Living Wall flowers	24 in.	subshrub	average to dry, well-drained	full sun	Small, aromatic leaves with pink flowers and red-purple bracts. At its best in late summer and fall. Butterfly plant

Hop Oregano	Origanum libanoticum	Living Wall flowers	10-15 in.	perennial	average to dry, well-drained	full to part sun	Hop-like bracts of lavender and chartreuse on a vigorous, trailing plant. Looks best when cascading over a rock wall or raised bed. A real attention-getter! 2004 Plant Select
Dunce Caps	Orostachys sp.	Living Wall foliage	3-6 in.	perennial	average to dry, well-drained	full sun	Rosettes of thick, fleshy gray-green leaves and tiny white-yellow blooms in late summer. Grown from the Island Garden's living wall.
Green Sheen Pachysandra	Pachysandra terminalis 'Green Sheen'	RW Shade II	6-8 in.	perennial	average, well-drained	part to full shade	Slow spreading variety with dark green, glossy leaves. Reliable, heat tolerant groundcover
Maypop or Native Passionvine	Passiflora incarnata	Bfly Host P	4-6 feet	perennial vine	average to moist	full sun to part shade	and edible fruit when fully ripe. This vine does run by underground rhizomes so plant it accordingly. Host of Variegated and Gulf Fritillary butterflies.
Cardinal Penstemon	Penstemon cardinalis	Hummer Haven	3 ft.	perennial	average to dry, well-drained	full sun	on tall spikes with large, dark green leaves. Resists rabbits and is very attractive to hummingbirds!
Russian Sage	Perovskia atriplicifolia	PG Foliage	48 in.	subshrub	dry, well-drained	full sun	Silvery foliage and lavender-blue flowers in mid-summer. Makes a nice contrast in the perennial border. Thrives in hot weather! 1995 PPA Plant of the Year
